### **SCAM WARNING**

Be advised that there are numerous companies and individuals who may represent that they have a buyer for your timeshare week but need a deposit or closing costs first. If you receive such a call or are doubtful about a call's authenticity, please call our corporate office at (941) 778-6667 and ask to speak to our member support specialist.

A call to us can save you a great deal of time and money!

Recently, we have received calls from several people in different States stating that they have sent advance fees to individuals who have fraudulently used our company's name, Vacation Property Management Inc. relative to selling their timeshares. They refer to these fees as closing costs...etc. and they insist these fees must be paid IN ADVANCE...(NEVER DO THIS). They further report that these individuals will only accept a wire transfer, no checks or credit cards that can be cancelled by the remitter. NO legitimate company, in our opinion, would ever do this and certainly we would never conduct business in such a manner. Call if you have any doubt about a solicitation for resale. We are working with the appropriate law enforcement authorities to bring these people to Justice.

And finally, as the old saying goes "if it sounds too good to be true, it probably is". Common sense would dictate that the only person that would ever call you with an offer to purchase your timeshare is the licensed real estate agent who has an active listing on your property. Whether you want to sell your timeshare, trade your timeshare or transfer your timeshare, be Diligent, be careful and call us first... Our advise
