

# CAMARON COVE RESORT

NOVEMBER 2019

## SLIDING DOOR REPLACEMENTS CONTINUE...

The sliding glass door and window replacements continue. The 01, 04, 05 and 08 units will be completed by years end. The wind resistant impact glass will withstand 150 MPH winds, the double panes will reduce energy cost and the tinting is sea turtle nesting area friendly. All that said, it doesn't hurt that they look great too!

## NEW ARTWORK...

These beautiful new sea turtle prints really add to the overall look of the units and are a terrific reminder of the abundant sea life just outside our door. Kyle and Misu did a great job hanging them.

## FUTURE GRILL MASTER...

The weekly hot dog roast at the resort has become a tradition that generations have been enjoying over the years. Anna is pictured here with the future Resort grill master. AKA, her son Lincoln. Well, at least until he goes off to college.

## ...SAFETY AND SECURITY FIRST...

When we fly on planes, our comfort and enjoyment is important to the flight crews, but our safety and security is most important. Here at the resort, the crew strives to make sure you have a great time and your safety and security is the first and foremost priority.

To that end, each year fire safety and mechanical inspections take place. Pictured is the inspection of the fire hose pump system and the fire doors with new opening mechanisms and new identifiers. The new teal color looks fresh and nice too.

An AED defibrillator has been placed on the property. These devices are life saving, so make sure to locate it next time you're at the resort. Hopefully nobody will need it, but it's good to know it's available.

Just for a little extra security, a locking gate has been added between the beach and the picnic table area. It serves as a deterrent to pool jumpers and actually is super attractive.

## ...BOARD OF DIRECTORS...

Mike Shestok, President

Sandy Farrell, Vice President

Jay Cooper, Secretary /Treasurer

Flo McGee, Director

Rick Dejong, Director

## ...VACATION PROPERTY MANAGEMENT, INC....

Jim Valente, President

Gloria Weir, Broker

## ...RESORT STAFF...
